

Oblivious Oreos

We are an all year 6 girl team from Churchill Park School. Our team includes Isobel, Hannah, Clementine and Maddison. We are called the Oblivious Oreos, because, one, it sounds cool, two, we all like oreos and finally, it's always good to have a bit of fun. For the heats we did the Dog Kennel challenge, but didn't quite go according to our plan. It took us a while to get the hang of it, but we pulled it together and ended up 3rd. In the semis, we did the Crowd Size as our strengths are building structures and maths. We finished that challenge and decided to do some of the Stage and Rigging challenge as well. In the semis, we placed first. For the finals, we are all really excited for some harder challenges and the opportunity to become closer as a team. Clementine in particular is looking forward to meeting the other teams.

We think this has been a great experience for our team.

Remember, think like a proton, always positive.
